

Walks are lead by members of the Ramblers Group.

- Plan a circular route for the walk with a distance between 5-6 miles starting and finishing at a pub or cafe/tea room and a maximum distance from Towcester of 20 miles.
- Walk the route prior to the date to ensure that there are no obstructions and the paths are not too muddy.
- Check with the pub that they can cater for about 24 people at lunchtime and ask them if they can provide a menu and accept our food order before we start the walk.

### **Cancellations**

- Generally the walk will take place even when the weather is unpleasant, if on the day the weather is bad then those who turn up can decide what to do.
- If the night before the walk it seems obvious that it may need to be cancelled, David will discuss this with the leader for the walk. If the decision is to cancel, David will let everyone know by e-mail.
